

# DRE Ambassadors and Emeriti

To honor those individuals who have made significant contributions to the Drug Evaluation and Classification Program (DECP), the IACP Drug Recognition Expert Section bestows two awards annually at the training conference. The DRE Section encourages agencies to draw upon the experience, expertise and historical knowledge of formerly certified DREs to further the goals of the DECP.

The DRE Ambassador is awarded to an individual who, while never having been certified as a DRE, has made significant contribution to the DECP.

The DRE Emeritus is awarded to a formerly certified DRE who has served the purposes of the DECP with honor and the highest integrity. This individual is no longer eligible, either through retirement or a job promotion, to maintain active DRE certification.

The DRE Section wishes to thank these persons for their hard work and dedication.
